EGE BİLECEN

Mechatronics Engineer & Fullstack Developer

I specialize in software development of Mechatronics. I have done a variety of work in various fields using various programming languages. Because of this, I am quite quick to adapt to new projects and new programming languages.

PERSONAL INFORMATION

Date of Birth: 12.09.1999
Military Service: Postponed

KNOWLEDGE AND SKILLS

- C++
- C#
- Python
- Lua
- PHP
- Javascript
- HTML
- CSS
- Image Processing
- Socket Programming
- Data Mining
- Embedded Programming
- Desktop Applications
- Bot Applications
- Database Management (MySQL, MongoDB)

INTERESTS

- Embedded Programming
- Image Processing
- Socket Programming
- Data Mining
- Systems Design

EDUCATION

Erciyes University, Kayseri
Bachelor of Mechatronics Engineering (2017 - 2022)
- GPA: 3.13 / 4.00
- The Department of Mechatronics Engineering has awarded me with a Certificate of Appreciation for our group's success in the unmanned ground vehicle competition.

LANGUAGES

- Turkish (Native)
- English (Level B2)
- Japanese (Beginner Level)

WORK EXPERIENCE

Freelancer at Bionluk
October 2018 - June 2022

Throughout my freelance work period, I completed/performed the following applications/works:
- 30 Data Mining Application
- 1 C++ ImGui Application
- 1 Python Application
- 2 Windows Forms Application using C#
- 4 PHP Based User / Admin Panel
- 1 PSD to HTML/CSS Conversion
- 2 Google Chrome Extension

I wasn't doing very active freelance work throughout this period since I was also studying at university. I was just taking a job whenever I wanted some extra money.

PROJECT EXPERIENCE

Unmanned Ground Vehicle
February 2019 - May 2020

I took part in the software team of an unmanned ground vehicle (UGV) project that a group of students were working on from February 2019 to May 2020. The ground station and UGV's communication, as well as the features for movement and control and image processing, were all written by me. Additionally, since Jetson NANO was being used as the primary controller for this project, I had the opportunity to work with it.

Unmanned Aerial Vehicle (Drone), Electrical Vehicle (car), Rocket and Model Satellite
2020 - Model Satellite and Unmanned Aerial Vehicle (Drone)

This year, I was the sole member of the software team of ERU Project Lab, a group of students from my university who came together to compete in the TURKSAT Model Satellite competition and the TEKNOFEST Internetional Unmanned Aerial Vehicle Competition. I worked on the Model Satellite's telemetry software, as well as the Unmanned Aerial Vehicle's autonomous control and image processing software. All of the code I wrote for these two projects can be found at the link below.

https://github.com/egebilecen/eb-python

2021 - Electrical Vehicle, Rocket and Unmanned Aerial Vehicle (Drone)

This year, I was a member of the software team as the leader of the ERU Quantum Team, a group of students from my university who came together to compete in the TEKNOFEST Efficiency Challenge Electrical Vehicle, TEKNOFEST Middle Altitude Rocket, and TEKNOFEST Internetional Unmanned Aerial Vehicle Competition. I worked on the communication between ground control station and vehicle, screen display design and telemetry software for the electrical vehicle, ground control station and telemetry software for the rocket, and autonomous control of the unmanned aerial vehicle.

Teşekkür Belgesi

Sayın Ege BİLECEN

Savunma Sanayii Başkanlığı'nın düzenlemiş olduğu "İnsansız ve Otonom Kara Araçları (İKA) Geliştirme Yarışması" isimli etkinlikte göstermiş olduğunuz başarıdan dolayı tebrik eder, başarılarınızın artarak devam etmesini dilerim.

Prof.Dr. Şahin YILDIRIM
Bölüm Başkanı

TÜRKSAT MUY Model Uydu Yarışması

Katılım Belgesi

Sayın **Ege Bilecen**
ERU PROJECT LAB
Erciyes Üniversitesi

8 ay süren uzun ve yorucu bir maratonun sonucunda tasarladığınız model uydu ile 16 Eylül 2020 tarihinde Tuz Gölü'nde gerçekleşecek olan 5. Türksat Model Uydu Yarışması finallerine katılmaya hak kazandınız.

Başarılarınızın devamını diler, katılımınızdan dolayı teşekkür ederiz.

Cenk ŞEN / Genel Müdür
